There was a lengthy discussion of the Saigon coup and the plans for tightening up alerting procedures in the future so as to ensure that DCI and DDCI are fully informed.

Kirkpatrick noted that General Burchinal, Director of the Joint Staff, is here this morning for briefings.

Kirkpatrick asked that supervisors and deputies improve their staff work in order to ensure the quality and accuracy of papers coming forward for top level consideration.

General Carter reminded all hands that the DCI this morning is on the Hill and that significant information should be passed to him accordingly.

General Carter referred briefly to the NRO ExCom meeting yesterday and said he would do a Memo for the Record.
